1 One powerful pool cleaner
2 Two-year warranty
3 Three-step installation

The hottest name in pool cleaning

Dirt Devil®, the most recognized name in home vacuuming, brings you the D1000™ Above Ground Pool Vacuum. Now, you can have the power to clean your above ground pool efficiently and inexpensively. No other automatic pool cleaner has this kind of power. Tell your Dirt Devil® Automatic Pool Vacuum dealer or pool professional you want a Dirt Devil® in your pool.

Powerful two-year warranty

The Dirt Devil® D1000™ Pool Vacuum is so reliable and well built, it comes with a two-year limited warranty. It's the name you can trust to keep on cleaning day after day, year after year.

All the power you need to clean your pool

This top-of-the-line Dirt Devil® has the power to clean your above ground pool from top to bottom automatically. Its suction power picks up everything from dirt and bugs to pebbles and twigs, so you can spend time enjoying your pool instead of cleaning it.

Installs in no time

You don't need any tools with the Dirt Devil® D1000™ Pool Vacuum. It can be installed with ease in minutes. Just attach the disc and hose and put the vacuum in your pool. It will do the cleaning so you can spend the day swimming.

Designed to work in your pool

Regardless of shape, size or construction of your above ground pool, the D1000™ can clean it. No electricity is needed. It gets its power from your pool's own pump and filtration system. The D1000™ climbs and cleans the walls. It's easy to install, easy to service and lasts longer than other pool cleaners. And with just one operational moving part, there are no wheels to jam, no gears to break and no diaphragms to replace. Its smart design lets you open it in seconds for easy maintenance. The Dirt Devil® D1000™ is the wise pool cleaning choice.

Intelligent Specifications

If your pool is larger than a 24' round, you may need to purchase additional hose sections. The need for additional hose will in large part be determined by the location of your pool's skimmer.

Please contact your pool professional to match the lengths of hose with your pool.
